How to Use The BMW Navigation System - The Complete Guide

Now, I got it solved, unfortunately I don't know exactly how. Suddenly the screen turned on again. It was a common result of INPA and Tool32 in the end. I somehow managed to switch the MK4 back to BMW / Colour_4:3 / Street Navigation mode (actually, I have 16:9 but that doesn't seem to matter). Thanks anyway for your input. Regards Patrick

There is no benefit to the newer software as it only provides features that the MK4 unit will use. To properly upgrade your software you should visit a BMW dealer and request them to update your Navigation software. If you would like to risk upgrading the Navigation Computer software yourself, you can follow these instructions at your own risk:

Complete MK3 upgrade instructions and software here ...

But BMW is also working hard to improve its map data. Earlier versions of the BMW navigation system map update can include mistakes (even Google Maps has a few streets that exist in principle, but in reality are just empty fields), and each subsequent map version is going to iron out more of these issues.. What's more, a huge number of points of interest are added to the BMW road map each year ...

Why and How To Update BMW Navigation Maps in 2020 ...

This is a DIY for changing the laser unit in a MK4 sat nav unit. If the MK4 has problems reading map DVDs (regardless whether it is an original or a burned copy) the problem of repair arises. In fact you have several possibilities: a) Buy a new computer from your BMW dealer: no option for me. Much too dear.
