That battery pump barely inflated the mattress on a fresh set of batteries and was completely INCAPABLE of pumping up an air mattress to REALLY FIRM levels like I prefer. So I bought this COLEMAN LARGE DUAL ACTION hand pump and by large - it means large and in-charge. First, it's about a foot high and 3 times the thickness of a bicycle pump.

**Amazon.com: Coleman Large Dual Action Hand Pump: Sports ...**  
The dual-action design pushes air both when you push down and pull up on the pump, so you can be done pumping more quickly. Multiple adaptors allow you to use this pump on Double Lock™, Boston and pinch valves, so you can fill just about any airbed or infatable. When the fun is done, the pump also deflates your infatable for quicker storage.
