Manual Treadmills As the name suggests, the manual or non-motorized treadmill comes with a belt without any motor to rotate it. So, the belt moves only if you move or run by stepping on it. And, as a result, you'll have to expend more effort on a non-electric treadmill when compared to electric running machine.

Manual Treadmill or Motorized Treadmill: Which is Best for ...

A manual treadmill has more of a high pitch mechanical sound. One of the positive notes I can confirm about the Pro Fitness mechanical treadmill is that I do like the natural feeling while in use. It does give a different feel compared to an electric treadmill as you have to provide the power through your entire stride length.
